## PROFESSIONAL SUMMARY

Recent Computer Science graduate interested in software development and machine learning. Comfortable with Python, SQL, frontend development, and basic algorithms, with academic project experience.

## EDUCATION

B.Tech in Computer Science, Pune Institute of Technology — 2025

## TECHNICAL SKILLS

Python, JavaScript, HTML, CSS, SQL, MySQL, Pandas, NumPy, Git, Basic Data Structures, Machine Learning

## EXPERIENCE

- Software Development Intern — BrightApps (2024): Created frontend components using JavaScript and fixed bugs in internal web applications.
- Data Science Intern — InsightWorks (2024): Cleaned datasets with Python and Pandas and prepared basic reports for the analytics team.

## PROJECTS

- Student Performance Predictor — Built a basic machine-learning model in Python to predict student performance from academic features.
- College Event Portal — Developed a web portal using HTML, CSS, JavaScript, and MySQL.

## CERTIFICATIONS

Google Data Analytics Certificate; Python for Everybody
